

International Seafarers' Welfare Awards 2019

Advertise in the event brochure

The International Seafarers' Welfare Awards aim to recognise excellence in seafarers' welfare provision and encourage all maritime organisations to raise their standards. This year's awards ceremony will be held at the Inmarsat Building during London International Shipping Week, on Wednesday 11 September 2019.

The event brochure for the awards will be seen in hardcopy by representatives from shipping companies, manning agents, governments, welfare organisations and unions. It will also be mailed to a number of representatives from the industry and will be available digitally for a year after the event.
